

Challenges and Problems	Solutions	Action Steps
Too many program rules/requirements		
Not enough transitional housing		
Targeting need with appropriate housing solution		
Referral/linkages to housing and programs are weak	Training organizations/ individuals on how to become a housing provider (open up beds)	
The cost of developing housing - developer feeds are expensive	Get community colleges to develop student housing to leverage financial aid; melrose housing energy educators	
Don't leverage or access community resources	Create solutions for youth to have permanent addresses so they can access other services (i.e. PO Boxes)	
Need for a variety of crisis housing options	Housing partnerships and optinos outside of SPA 6 to handle youth involved in at risk/gang/sex trafficking	
Not enough direct financial support for youth		
Navigating contracts and gov't		
Need for capacity building	Use existing properties to develop/expand houses	
Barriers to keeping housing/financial stability		
Emergency housing needed	Emergency: look at need, must meet requirements, qualify effective programs	
Jobs		
Foster care aging out are vulnerable and lack housing; supports		
Streamlining	Streamline the process to become a housing provider	
Not enough permanent supportive housing		
	Inform and direct coordinated design assesment
