Collaborative Updates

We have many updates and information to share with everyone. There have been new developments on our website members can use for community event outreach and to retrieve important community planning documents. The Collaborative's Administrative Assistant will make an important announcement concerning future Collaborative operations. Please feel free to let us know if you have any updates or information to share with the group.

Community Plan Leadership Teams

We are moving forward with our Six Leadership Teams. Now is the time to review the goals of each team and commit to serving as a facilitator, reporter, scribe, or active member. We will review discussion items from March and contribute workable goals and tasks for each member to complete.

The mission of the South L.A. Homeless Transition Age Youth (TAY) and Foster Care Collaborative is to prevent and end youth homelessness in the South Los Angeles region.
